### NON-ALCOHOLIC DRINKS & MIXERS

Capi Mixers: Blood Orange Soda, Flamin Ginger Beer, Yuzu Soda, Tonic [250mL]	4
Carlton 'Zero', VIC (0.0%)	8

## OUR DRINKS PHILOSOPHY

The Coppersmith has always been passionate about providing the best range of wines, beers and spirits. Sourcing predominately from Victoria and Western Australia is a key in compiling our drinks list.

Our beer selection is based on balancing unique Victorian and Western Australian beers with a few of our local and international favourites. Meanwhile our spirits aim to cater for all tastes, whilst also focusing on our favourite gins, Japanese and Scotch whisky.

Finally our wine selection must meet three key criteria:

- the best possible wine per region
- the most interesting wines per varietal
- the wine must be of quality and value.

In compiling this cellar list, we tasted many fantastic Australian and international wines, aiming to select a balanced representation of quality wines that will tempt all tastes and budgets.

With so many amazing wines, and we want to share them all with you. The difficulty is that pulling four or five corks in one evening is usually impossible. It is for this reason that we have decided to utilise a Coravin - a machine which uses a needle and inert gas to extract wine from a bottle without removing the cork.

This gives us the ability to 'open up' many of the wines on our cellar list by the glass.

Throughout our list there will be wines with a secondary price, listed under the 'Coravin' column. These wines are available to be enjoyed as a 125mL glass, allowing you to taste some truly amazing wines, without the worry of having to purchase and drink an entire bottle.

For more information about the Coravin system, or for any questions about any wines on our cellar list, please don't hesitate to ask our friendly wait-staff.
